

# First 1,000 Days Knowledge Center and NeoKit: Tools for Assessment & Care of the Newborn

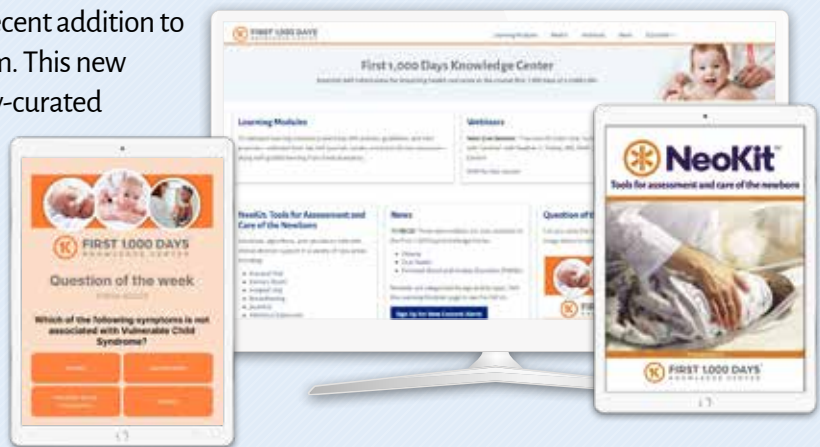

Clinical and patient education resources from the American Academy of Pediatrics

## We Can Help Your Practice or Institution Make the World a Healthier Place.

The *First 1,000 Days Knowledge Center* is the most recent addition to the robust and dynamic AAP Publications platform. This new digital resource provides instant access to expertly-curated information from the AAP's vast catalog of resources—entirely focused on the first 1,000 days of a child's life.

With an institutional site license to these essential resources, busy pediatric clinicians can instantly access guidelines and recommendations to improve the child health outcomes for the first 1,000 days and beyond!

### Key resources include

- Learn on your schedule with expert-guided learning modules that provide digestible age- and topic-specific content.
- Interact with the authors and editors of key content during “ask the editor” live sessions.
- Engage with content in the interactive “Question of the Week” delivered directly to your inbox and shareable on social media.
- Access to clinical support tools in NeoKit: Tools for Assessment and Care of the Newborn

Included  
in First  
1,000 Days  
Knowledge  
Center

### Key resources include

- Provide the best in care to your newest patients with clinical decision support tools.
- Find videos, checklists, step-through algorithms, and more
- Topics include Prenatal Visit and Delivery Room to Infectious Exposures and Breastfeeding.

The First 1,000 Days Knowledge Center is supported by an educational grant from Reckitt Mead Johnson Nutrition.
